Above game was THE FIRST NJSIAA STATE TOURNAMENT QUALIFICATION in (AC) Soccer History.

In order to be eligible for the NJSIAA State Tournament, a school must have at least a .500 record prior to a pre-set qualification date; usually the Friday of said qualification week. If you look at the Friday - 10 - 21 - (B) Forfeited Game, you see that (AC) has a found record of 5W - 5L - 0T through that game. It is therefore deducted that Friday, 10 - 21 - 83 must have been the cutoff date. Otherwise (AC) doesn't qualify, with the three successive losses following the 10 - 21 - (B) Forfeited Game.

Division I Record = 0W - 0D - 8L; American Conference Record = 1W - 0D - 12L; Overall Record = 2W - 0D - 14L.

A Rule change from NJSIAA beginning in 2009: It is no longer necessary to have a .500 or better record at a certain qualification cutoff date, to participate in the NJSIAA Tournament. A school now only needs to be in the top sixteen in their group for public schools, to be included.
